POST-INFLAMMATORY
HYPERPIGMENTATION

MELANIN CYCLE PHASES

The optimal topical treatment to contrast and prevent hyperpigmentation should act on every phase of the melanin cycle.

CLINICAL STUDIES

RILASTIL D-CLAR DEPIGMENTING CONCENTRATE DROPS

Dermofarm Laboratorios. Barcelona, January, 2020.

Panel: 30 volunteers with hyperpigmentation on face, neck and neckline (24-45 years old).

Treatment: two localized applications (morning and evening) on the hyperpigmentation for 56 days.

REDUCTION OF THE SPOT'S INTENSITY

Instrumental evaluation of the melanin index (SkinColorCatch®).

-18,7% of melanin in 56 days

Statistically significant results
 $p < 0.0001$

Rilastil D-Clar Depigmenting Concentrate Drops determine a statistically significant reduction of the spot's intensity by 18,7% in 56 days.

RILASTIL D-CLAR CONCENTRATED MICROPEELING

Dermofarm Laboratorios. Barcelona, July 3, 2019

Panel: 20 volunteers with hyperpigmentation on face, neck, neckline and back of hands (32-72 years old).

Treatment: one application per day for 56 days.

REDUCTION OF THE SPOT'S INTENSITY

Instrumental evaluation of the melanin index (SkinColorCatch®).

-9% of melanin in 56 days

Statistically significant results
p<0.0001

Rilastil D-Clar Concentrated Micropeeling determines a statistically significant reduction of the spot's intensity by 9% in 56 days.

RILASTIL D-CLAR DAILY DEPIGMENTING CREAM

Dermofarm Laboratorios. Barcelona, June 28, 2019

Panel: 20 volunteers with hyperpigmentation on face, neck and neckline (27-69 years old).

Treatment: two applications (morning and evening) on the whole area affected by the hyperpigmentation (face, neck, neckline) for 56 days.

REDUCTION OF THE SPOT'S INTENSITY

Instrumental evaluation of the melanin index (SkinColorCatch®).

-10,8% of melanin in 56 days

Statistically significant results
p<0.0001

Rilastil D-Clar Daily Depigmenting Cream determines a statistically significant reduction of the spot's intensity by 10,8% in 56 days.

ANTI-DARK SPOT TREATMENT

1

100 ml

**RILASTIL D-CLAR
CONCENTRATED MICROPEELING**

Biphasic milk with intensive exfoliating action.
The texture with lipidic fraction restores the skin comfort.

10%
Mandelic
Acid

ACTIVE INGREDIENTS	ACTIONS
